

EQUIPMENT

RULE 9 UNIFORMS

9.1. TEAM UNIFORM

All Players of each Team shall be dressed uniformly with an approved design and color of their helmets, jerseys, short pants, and socks.

All jerseys of a Team must be of the same design, including logo on the front, numbers on the sleeves and back, and nameplate on the back. The dominant color of the uniform must cover approximately 80 % of the jersey and socks, excluding names and numbers. If, in the opinion of the Referee, the uniform colors of the competing Teams are too similar and there is a possibility of misidentifying Players, it is the responsibility of the Home Team to change its jerseys.

All Players on a Team must wear the same uniforms and jersey numbers in the on-ice warm-up as during the game. Altered uniforms of any kind, i.e. Velcro inserts, over-sized jerseys, altered collars, etc., will not be permitted. Any Player not complying with this rule shall not be permitted to participate in the game – refer to Rule 9.5. – Protective Equipment.

Altered uniforms of any kind, i.e. Velcro inserts, over-sized jerseys, altered collars, etc., will not be permitted. Any Player not complying with this rule shall not be permitted to participate in the game. Players are not allowed to change or exchange jersey numbers once the game has started. They must wear the same number for the game's entirety and throughout entire competition.

As an exception to this rule, when a Player's jersey becomes stained with blood or becomes badly torn during a game, they may be required by an On-ice Official to leave the ice and change into a designated jersey with another number and without a nameplate.

Each Team shall design and wear distinctive and contrasting uniforms for their home and away games, no parts of which shall be interchangeable except the pants. Any concerns regarding a Player's uniform (including the Goalkeeper) shall be reported by the Referee to the Proper Authorities. All Player pants must be worn in a uniform fashion by all Players. The pants must be one consistent color around and throughout the leg of the pant. Pant legs are not to be ripped, cut, or torn in the leg / thigh area.

Graffiti-type designs, patterns, artwork, drawings, or slogans which are abusive or obscene and refer to culture, race, or religion are not allowed on any part of the uniform.

← For more information refer to IIHF Sport Regulations.

9.2. NUMBERS AND NAMEPLATES

Each Player listed in the line-up of each Team shall wear an individual identifying number that is 25 - 30 cm (10 - 12 in) high on the back of the jersey and 10 cm (4 in) high on both sleeves. Numbers are limited to whole numbers from 1 to 99. Jersey numbers such as 00, ½ (fractions), .05 (decimals), 101 (three digit) are not permitted.

In addition, each Player shall wear their surname in full, in block letters 10 cm (4 in) high, across the back of their jersey at shoulder height, in block capital Roman letters of a font approved by the IIHF prior to the game or competition.

A Player whose hair is long enough to obscure the nameplate or number on the back of the jersey must fashion it in a ponytail or tuck the hair under the helmet.

EQUIPMENT

9.3. SKATER'S JERSEY

Players who do not comply with these rules are not allowed to participate in the game. Goalkeeper's Jersey- refer to Rule 9.4.

Jerseys must not extend lengthwise past the end of the pants, and the sleeves must not extend past the fingers of the glove.

No inserts or additions are to be added to the standard Players' jersey as produced by the manufacturer. Modifications at the manufacturer are not allowed unless approved in advance by the IIHF.

Jerseys must be worn completely outside of the pants and must be properly fastened to the pants at all times with tie-down straps. If any Player on that Team fails to comply after a warning, a Minor Penalty will be assessed.

- → Rule 63 Delaying the Game.
- ← For additional information, refer to IIHF Sport Regulations.

9.4. GOALKEEPER'S JERSEY

Goalkeepers who do not comply with these rules are not allowed to participate in the game. Jerseys are not to be excessively over-sized. No inserts or additions are to be added to the standard Goalkeeper's jersey as produced by the manufacturer. Modifications at the manufacturer are not allowed unless approved in advance by the IIHF. No "tying down" of the jersey is allowed at the wrists if it creates a tension across the jersey allowing for a "webbing effect" which is not permitted. No other tie downs are allowed that create a "webbing effect". The length of a jersey is illegal if it covers any area between the Goalkeeper's legs.

← For additional information refer to IIHF Sport Regulations.

9.5. PROTECTIVE EQUIPMENT

Equipment must conform to safety standards and be used only to protect Players, not to enhance or improve playing ability or to cause injury to an opponent.

All protective equipment, except gloves, headgear, mouthguards, neck-/throat protection and Goalkeepers' leg guards must be worn under the uniform. The complete protective equipment must be worn during the game and during "pre-game warm-up".

Should it be brought to the attention of the Referee that a Player is wearing, for example, an elbow pad that is not covered by their jersey, they shall instruct the Player to cover up the pad. A second violation by the same Player would result in a Minor Penalty being assessed.

Whenever it is deemed by the Referee that a Player is wearing any equipment that does not meet with the IIHF regulations, they shall instruct the Player to change or remove the piece of equipment.

The corresponding Player and their Team will be warned by the Referee to adjust the equipment accordingly. After the warning, all Players on that Team wearing such equipment shall be penalized in accordance with Rule 12 – Illegal Equipment.

If the Player refuses, they shall be assessed a Minor Penalty for "Delay of Game" and if they return to the ice without making the change, they shall be issued a Misconduct Penalty. Should this happen a third time, the Player shall be issued a Game Misconduct Penalty.

9.6. HELMETS

All Players shall wear a helmet of design, material and construction approved for ice hockey, with a chin strap always properly fastened, including during "pre-game warm-up", participating in the game, either on the playing surface or the Players' Benches or Penalty Boxes. The helmet should be attached in such a way that it cannot fall off. If it falls off and has not been removed by an opponent Player, it has not been attached correctly.

EQUIPMENT

A Player on the ice whose helmet comes off during play has to exit the playing surface immediately.

A player on the ice whose helmet comes off during play is not allowed to retrieve and put their helmet back on their head – for this they have to proceed to their Players' Bench and exit the playing surface.

If a Player does not comply with this rule, they shall be assessed a Minor Penalty without a warning

→ Rule 12 – Illegal Equipment.

If the Player returns to their Players' Bench to be substituted for, they may only return to the ice during play with a helmet (with the chin strap properly fastened).

No Player may exit the Penalty Box during play without a helmet (with the chin strap properly fastened). Should they do so, the play shall be stopped once their Team has gained control of the puck and a Minor Penalty shall be assessed to the offending Player.

If a Player's chin strap becomes unfastened during game action, but the helmet stays on their head, they may continue to play until the next stoppage or until they leave the ice. A Player who intentionally removes an opponent's helmet during play shall be assessed a Minor Penalty for "Roughing".

→ Rule 51 – Roughing.

When a goalkeeper is hit on the face mask by a hard shot with the puck and the Referee believes the Goalkeeper is or may be dazed by that hard shot, the Referee may stop play for safety reasons, if there is no immediate scoring chance for the attacking Team.

When a Goalkeeper has lost their helmet and/or face mask and their Team has control of the puck, play shall be stopped immediately to allow the Goalkeeper the opportunity to recollect their helmet and/or face mask.

When the opposing Team has control of the puck, play shall only be stopped if there is no immediate and impending scoring opportunity. This stoppage of play must be made by the Referee. When play is stopped because the Goalkeeper has lost their helmet and/ or face mask, the ensuing "face-off" shall take place at one of the defending Team's End Zone Face-off Spots.

When a Goalkeeper deliberately removes their helmet and/or face mask to secure a stoppage of play, the Referee shall stop play as outlined above and assess the Goalkeeper a Minor Penalty for "Delay of Game".

→ Rule 63 – Delaying the Game.

If the Goalkeeper deliberately removes their helmet and/or face mask when the opposing Team is on a breakaway, the Referee shall award a "Penalty Shot" to the non-offending Team. If the Goalkeeper deliberately removes their helmet and/or face mask during the course of a "Penalty Shot" or shootout attempt, the Referee shall award a goal to the non-offending Team.

9.7. FACIAL PROTECTION

There are three (3) permissible types of facial protection which can be attached to the front of a Players' helmet: a visor protection, a cage protection, or a full-face protection visor.

All Players born after December 31, 1974, must wear, as a minimum a visor as a facial protection. The visor face protection must be properly affixed to their helmet, and must extend down in such a fashion as to ensure adequate eye protection, to cover the eyes and nose in its entirety. It must be fixed to the helmet along the sides so that it cannot be flipped up. A Player whose visor face protection becomes cracked or broken during game action must leave the ice immediately.

Players are not allowed to wear a colored or tinted visor.

Participating Teams in an IIHF Competition must ensure that their Players are equipped with a helmet manufactured and approved specifically for ice hockey and that, as applicable, a visor or a full-face protection is properly attached to it.

EQUIPMENT

Specific rules and guidelines for appropriate head / face / neck / throat / mouth protection for Women's Hockey and Men's Junior "Under 20" and "Under 18" categories.

→ Rule 102 – Women's Hockey Specific Equipment and → Rule 202 – Men's Junior Hockey Specific Equipment.

9.8. DANGEROUS EQUIPMENT

Equipment that does not conform to IIHF standards and equipment that is deemed unacceptable for the game action will be classified as "Dangerous Equipment". A Player using "Dangerous Equipment" will be sent off the ice by the Referee and their Team shall receive a warning from the Referee.

After the Team has been warned, all Players on that Team wearing such equipment shall be penalized.

→ Rule 12 – Illegal Equipment.

Dangerous Equipment includes wearing a visor in a way that may cause injury to an opponent, wearing non-approved equipment, using dangerous or illegal skates or stick, failing to wear equipment under the uniform (except gloves, helmet, and goalkeeper's pads), and cutting the palm out of one or both gloves.

The use of pads or protectors made of metal, or of any other material likely to cause injury to an opposing Player is prohibited.

Referees have the authority to prohibit any equipment they feel may cause injury to any participant in the game. Failure to comply with the Referees' instructions shall result in a Minor Penalty for "Delay of Game". A mask or protector of a design approved by the IIHF may be worn by a Player who has sustained a facial injury.

In the first instance, the injured Player shall be entitled to wear any protective device prescribed by the Team Doctor. If any opposing Team objects to the device, it may record its objection with the IIHF.

In cases where a stick may have been modified and it is evident that the edges have not been beveled, the Referee shall deem the stick to be dangerous equipment and removed from the game until the edges can be beveled sufficiently.

No penalty is to be assessed unless the Player returns to the ice with the unmodified stick, in which case they will be assessed a Minor Penalty.

→ Rule 63 – Delaying the Game.

9.9. SHIN PADS

Skaters' shin pads must be of a size that allows them to fit inside standard Skaters' socks. No protrusions from or additions to the manufactured shin pads are allowed.

9.10. SKATES

Skates must consist of only four parts: boot, blade, blade holder, and laces. The boot must conform to the foot of the Skater and not be unduly wide or long or have any attachments to it. The blade must be smooth from front to back and secured in the blade holder at all times. It cannot have a pick in the manner of figure skates.

The front and back of the blade must be properly covered by the blade holder such that no part of either end protrudes. The blade must not extend in front of the toe or behind the heel of the boot in the manner of speed skates.

No mechanical attachment or any other device which might help a Skater's speed or ability to skate is allowed.

Laces may be of any non-fluorescent color and tied in any manner, but they must not be so long that they touch the ice.

EQUIPMENT

9.11. SKATES – GOALKEEPER

A Goalkeeper's skates must have a non-fluorescent protective cowling at the front of each boot. The skate blade must be flat and cannot be longer than the boot. Any blades, projections, or "cheaters" added to the boot in order to give the Goalkeeper additional contact to the ice surface are not allowed.

9.12. NECK- AND THROAT PROTECTION

It is recommended that all Players wear a certified "Neck- and Throat Protection". A Goalkeeper may attach a throat protector to the chin of their facemask. It must be made of a material that will not cause injury.

Players who play in senior categories but are of the age as "Under 20" and "Under 18" categories must wear the appropriate protective equipment of these U20 and U18 categories in accordance with the specific rules.

Specific rules and guidelines for appropriate head / face / neck / throat / mouth protection for Women's Hockey and Men's Junior "Under 20" and "Under 18" categories.

→ Rule 102 – Women's Hockey Specific Equipment and → Rule 202 – Men's Junior Hockey Specific Equipment.

9.13. MOUTHGUARDS

It is strongly recommended that all Players wear a mouthguard, preferably of the custom-made variety.

The mouthguard is designed to protect the teeth and jaws from impact and may also serve to reduce the risk of concussions. It is strongly recommended that Players use a custom-made mouthguard. It is recommended to wear this mouthguard in a compliant manner at all times when on the ice.

Players who play in senior categories but are of the age as "Under 20" and "Under 18" categories must wear the appropriate protective equipment of these U20 and U18 categories in accordance with the specific rules.

Specific rules and guidelines for appropriate head / face / neck / throat / mouth protection for Women's Hockey and Men's Junior "Under 20" and "Under 18" categories.

→ Rule 102 – Women's Hockey Specific Equipment and → Rule 202 – Men's Junior Hockey Specific Equipment.

RULE 10 STICKS

10.1. PLAYER'S STICK

The sticks shall be made of wood or other material approved by the IIHF and must not have any projections. Adhesive, tape of any color may be wrapped around the stick at any place for the purpose of reinforcement or to improve control of the puck.

The shaft of the stick, from the top down to the start of the blade, must be straight. No stick shall exceed 1.63 m (64 in) in length from the heel to the end of the shaft nor more than 32.0 cm (12½ in) from the heel to the end of the blade.

Requests for an exception to the length of the shaft (only) may be submitted in writing to and must be approved by the IIHF prior to any such stick being used. Only Players 2.0 m (6 ft, 6 in) tall or more will be considered for exception. Maximum length of a stick granted an exception under this rule is 1.65 m (65 in).

The butt end of the stick must be covered by a form of protection. If the cap at the top of a manufactured stick (i.e., metal or carbon) has been removed or falls off, the stick will be considered dangerous equipment.

The blade of the stick shall not be more than 7.6 cm (3 in) in width at any point between the heel and 1.5 cm (¾ in) in from the midpoint of the tip of the blade, nor less than 5.0 cm (2 in). All edges of the blade shall be beveled.

→ Rule 9.8 - Dangerous Equipment.

EQUIPMENT

The curvature of the blade of the stick shall be restricted in such a way that the distance of a perpendicular line measured from a straight line drawn from any point at the heel to the end of the blade to the point of maximum curvature shall not exceed 1.9 cm (3/4 in).

→ For more information refer to Appendix VI – Infographics.

10.2. GOALKEEPER'S STICK

The sticks shall be made of wood or other material approved by the IIHF and must not have any projections. Adhesive tape of any color may be wrapped around the stick at any place for the purpose of reinforcement or to improve control of the puck.

In the case of a Goalkeeper's stick, there shall be a knob of white tape or other protective material approved by the IIHF. This knob must not be less than 1.3 cm (½ in) thick at the top of the shaft.

Failure to comply with this provision of the rule will result in the Goalkeeper's stick being deemed unfit for play. The Goalkeeper's stick must be changed without the assessment of a Minor Penalty.

The shaft of the stick, from the top down to the start of the blade, must be straight.

The blade of the Goalkeeper's stick shall not exceed 9.0 cm (3½ in) in width at any point except at the heel, where it must not exceed 11.5 cm (4½ in) in width; nor shall the Goalkeeper's stick exceed 39.5 cm (15½ in) in length from the heel to the end of the blade. The curvature of the blade of the stick shall be restricted in such a way that the distance of a perpendicular line measured from a straight line drawn from any point at the heel to the end of the blade to the point of maximum curvature shall not exceed 1.5 cm. The widened portion of the Goalkeeper's stick extending up the shaft from the blade shall not extend more than 71 cm (30 in) from the heel and shall not exceed 9.0 cm (3½ in) in width.

→ For more information refer to Appendix VI – Infographics.

10.3. BROKEN STICK - PLAYER

A "broken stick" is one which, in the opinion of the Referee, is unfit for normal play.

A Player without a stick may participate in the game. A Player whose stick is "broken" may participate in the game provided they drop the "broken stick". A Minor Penalty shall be imposed for an infraction of this rule.

A Player who has "lost" or has "broken their stick" may receive a replacement stick by having one handed to them from their own Players' Bench, by having one handed to them by a Teammate on the ice or by picking up their own unbroken stick or that of a Teammate from the ice.

A Player will be penalized if they throw, toss, slide or shoot a stick to a Teammate (Skater) on the ice, or if they pick up and play with an opponent's stick.

A Player may not participate in the play using a Goalkeeper's stick. A Minor Penalty shall be imposed for an infraction of this rule.

A Player using a stick thrown on the ice from the Players' Bench or Penalty Box will not receive a penalty. However, the offending Team responsible for throwing the stick will receive a Bench Minor Penalty.

10.4. BROKEN STICK / ABANDONED STICK – GOALKEEPER

A Goalkeeper may continue to play with a "broken stick" until a stoppage of play or until they have one legally handed to them by a Teammate.

EQUIPMENT

Return of an "abandoned, intact stick":

An abandoned, intact stick accidentally dropped by the Goalkeeper may be passed from hand to hand to the Goalkeeper, or moved, pushed, or slid toward the Goalkeeper by a Teammate near the Goalkeeper on the ice as long as the moved stick does not interfere with play or cause a distraction to the game or opposing Players. If a Player causes interference with play or distraction to an opposing Player by moving a lost stick, a Minor Penalty or "Penalty Shot" shall be imposed.

→ Rule 53 – Throwing Equipment.

Replacement of a "broken stick":

A replacement stick for a "broken stick" cannot be thrown to a Goalkeeper on the ice surface. The stick must be passed from hand to hand to the Goalkeeper by a Teammate on the ice. For a violation of this rule, the offending Player shall receive a Minor Penalty for "throwing the stick".

→ Rule 53 – Throwing Equipment.

The Goalkeeper shall not receive a penalty for receiving the stick.

A Goalkeeper whose stick is "broken or illegal" may not go to the Players' Bench for a replacement but must receive their stick from a Teammate as described above.

A Goalkeeper may participate in the play using a Skater's stick until such time as they are legally provided with a replacement Goalkeeper's stick.

For an infraction of this rule, a Minor Penalty shall be imposed on the Goalkeeper.

10.5. STICK MEASUREMENT

There is no limit to the number of stick-measurement requests a Team may make in a game, but a request for a stick measurement shall be limited to one request per Team during the course of any stoppage in play.

When a formal complaint is made by the Captain or Alternate Captain of a Team, against the dimensions of an opponent's stick, that opponent must be on the ice at the time the request is made to the Referee. It must be specified which part of the stick should be measured.

Once the request is made, and as long as the On-ice Officials maintain visual contact with the stick, it can be measured. This means that if the Player whose stick is about to be measured steps off the ice onto their Players' Bench, their stick may still be measured provided the request was received prior to them leaving the ice surface and the stick remains in the view of at least one of the On-ice Officials.

The Referee shall take the stick to the Penalty Box where the necessary measurement shall be made immediately. Players on both Teams shall retire to their respective Players Benches. To measure the curvature of the blade of the stick, the Referee must draw an imaginary line along the outside of the shaft to the bottom of the blade and then along the bottom of the blade - this will determine the location of the heel. Using an IIHF-approved measuring gauge, the Referee shall secure the gauge at the heel of the stick and measure the curvature of the blade from the heel to any point along the toe of the blade. To measure any other dimension of the stick, the Referee shall use a measuring tape.

The result shall be reported to the Penalty Timekeeper, who shall record it on the Penalty Record form. The Referee will convey the result of the measurement to the Captain or Alternate Captain of the Team whose stick was measured.

A Player whose stick has been measured and it is found not to conform to the rule shall be assessed a Minor Penalty and the stick

EQUIPMENT

will be returned to the Players' Bench by the Referee. If the complaint is not sustained, a Bench Minor Penalty shall be imposed against the complaining Team.

A Player who participates in the play (i.e., checks or prevents the movement of an opponent or who plays the puck) while carrying two sticks (including while taking a replacement stick to their Goalkeeper) shall incur a Minor Penalty under this rule.

A request for a stick measurement in regular playing time is permitted, including after the scoring of a goal. However, a goal cannot be disallowed as a result of the measurement.

A request for a stick measurement following a goal in Overtime (including one scored on a "Penalty Shot" in Overtime) is not permitted. Stick measurements prior to or during the shootout are permitted, subject to the guidelines outlined in

→ Rule 10.7. – Stick Measurement – Prior to Shootout Attempt.

Any Player who deliberately breaks their stick or who refuses to surrender their stick for measurement when requested to do so by the Referee shall be assessed a Minor Penalty plus a ten-minute (10) Misconduct Penalty.

10.6. STICK MEASUREMENT – PRIOR TO "PENALTY SHOT"

A stick measurement request may be made prior to a "Penalty Shot" following these guidelines:

If the stick is "legal" the complaining Team is assessed a Bench Minor Penalty, and a Player is placed in the Penalty Box immediately. Regardless of the result of the "Penalty Shot", the Bench Minor Penalty is assessed and served.

If the stick is "illegal" the Player will be assessed a Minor Penalty and must proceed to the Penalty Box immediately to serve their penalty. Another Player must take the "Penalty Shot". If the Player refuses to surrender their stick for measurement, the "Penalty Shot" shall not be permitted, and the Player shall be assessed a Misconduct Penalty.

10.7. STICK MEASUREMENT – PRIOR TO SHOOTOUT ATTEMPT

This rule does not apply at IIHF Championships.

RULE 11 GOALKEEPERS EQUIPMENT

11.1. GOALKEEPER'S EQUIPMENT

With the exception of skates and stick, all the equipment worn by the Goalkeeper must be constructed solely for the purpose of protection, and they must not wear any garment or use any device which would give them undue assistance in keeping goal.

The IIHF is specifically authorized to make a check of each Goalkeeper's equipment (including the sticks) to ensure the compliance with the rule. They shall report its findings to the Proper Authorities for proper disciplinary action.

→ For more information refer to Appendix III – Definition, Terminology & terms.

11.2. LEG GUARDS

A piece of any material covering the space between the ice and the bottom of the Goalkeeper's pads in front of the skates is not allowed. Graffiti-type designs, patterns, artwork, drawings, or slogans which are abusive or obscene and refer to culture, race, or religion are not allowed. The pads can be of any non-fluorescent colors. No attachments such as plastic puck foils are permitted to any part of the pads. The leg guards worn by Goalkeepers shall not exceed 28 cm (11 in) in extreme width when on the leg of the Player.

→ For more information refer to Appendix III – Definition, Terminology & terms.

EQUIPMENT

11.3. CHEST AND ARM PADS

The chest and arm protector worn by each Goalkeeper must be anatomically proportional and size specific based on the individual physical characteristics of that Goalkeeper.

No raised ridges are allowed on the front edges or sides of the chest pad, the inside or outside of the arms, or across the shoulders. Layering at the lateral edge of the torso is permitted to add rib protection, however, said thickness shall not exceed the thickness of the blocks on the front of the chest and provided further, that the flank protection must wrap around the contour of the Player's torso. If, when the Goalkeeper assumes the normal crouch position, the shoulder or shoulder cap protection is pushed above the contour of the shoulder, the chest pad will be considered illegal.

Any chest and arm protector deemed to be too large for a Goalkeeper by measurements taken by IIHF representatives shall be considered illegal equipment for that Goalkeeper, whether or not it would have fallen within previous equipment maximums.

→ For more information refer to Appendix III – Definition, Terminology & terms.

11.4. PANTS

The pants worn by each Goalkeeper must be anatomically proportional and size-specific based on the individual physical characteristics of that Goalkeeper.

No internal or external padding is permitted on the pant leg or waist beyond that which is required to provide protection (i.e., no ridges, inside or out).

If the Goalkeeper is wearing their pants shells loosely, allowing them to close the open space between their legs above their pads when they are in the crouch position, the shells will be considered illegal. Thigh protectors inside the pants must follow the contour of the leg. Flat thigh protectors are not allowed.

Any pant deemed by the IIHF representatives to be non-compliant with this rule will be considered illegal equipment for that Goal-keeper, regardless of whether or not it would have fallen within previous equipment maximums.

Any alteration request must be filed with an application to the IIHF before any modifications or additions are made.

→ For more information refer to Appendix III – Definition, Terminology & terms.

11.5. KNEE PADS

Knee protection must be strapped and must fit under the thigh pad of the pants. Flaps attached to the inside of the Goalkeeper's pads above the knee that are not worn under the thigh pad of the pants are not allowed. The knee-strap pad is the pad that separates the inside of the knee from the ice.

The knee protection must be worn with the strap tight so that it does not obscure any portion of area between the legs, or the "five hole." The padding between the knee strap pad and the inner knee channel is not affected by this measurement standard. Medial rolls (raised seam ridges) are not allowed.

→ For more information refer to Appendix III – Definition, Terminology & terms.

11.6. CATCHING GLOVE

A maximum perimeter of 114.5 cm (45 in) is permitted. The perimeter of the glove is the distance around the glove.

The wrist cuff must be 10.5 cm (4 in) in width. The cuff of the glove is considered to be the portion of the glove protecting the wrist from the point where the thumb joint meets the wrist. Any protection joining/enhancing the cuff to the glove will be considered part

EQUIPMENT

of the glove rather than the cuff.

The wrist cuff is to be a maximum of 20.5 cm (8 in) in length (this includes the bindings). All measurements follow the contour of the cuff. The distance from the heel of the glove along the pocket and following the contour of the inside of the trap of the glove to the top of the "T" trap must not exceed 46.0 cm (18 in). The heel is considered to be the point at which the straight vertical line from the cuff meets the glove.

→ For more information refer to Appendix III – Definition, Terminology & terms.

11.7. BLOCKING GLOVE

The blocking glove must be rectangular.

The flap protecting the thumb and wrist must be fastened to the blocker and follow the contour of the thumb and wrist.

Raised ridges are not allowed on any portion of the blocking glove.

Protective padding attached to the back or forming part of the Goalkeeper's blocking glove shall not exceed 20.5 cm (8 in) in width nor more than 38.5 cm (15 in) in length at any point (this includes the bindings). All measurements follow the contour of the back of the glove.

The thumb protection must not exceed 18.0 cm (7 in) in extreme length when measured from the top of the blocking surface.

→ For more information refer to Appendix VI – Infographics.

11.8. FACE MASKS

Goalkeepers must wear their face mask at all times during game action. Protective face masks of a design approved by the IIHF must be worn by Goalkeepers. A face mask deemed to be worn only to increase stopping area will be considered illegal.

The face mask must be constructed in such a way that a puck cannot penetrate the openings. Goalkeepers are allowed to wear a facemask of a different color and design than that of their Teammates. The backup Goalkeeper is not required to wear their face mask when they cross the ice to return to the Players' Bench after intermission.

Specific rules and guidelines for appropriate head / face protection for Women's Hockey and Men's Junior "Under 20" and "Under 18" categories.

- → Rule 102 Women's Hockey Specific Equipment and → Rule 202 Men's Junior Hockey Specific Equipment.
- → For more information refer to Appendix III Definition, Terminology & terms.

11.9. INSPECTIONS BY THE IIHF

Goalkeepers are not allowed to participate in the game with equipment that does not comply with the rules. Inspections by the IIHF can take place at any time, before, during, or after any game.

IIHF representatives may obtain equipment from any or all participating Goalkeeper(s). This equipment may be removed to a secure location for measuring.

Inspections will be logged, and a fair play agreement will be signed by the appropriate Goalkeepers and Team Equipment Managers. Non-complaint and illegal equipment must be corrected before participation in a game or further use in it.

If further irregularities are found during follow-up checks, the incident will be reported to the Proper Authorities.

Refusal to submit the equipment for IIHF measurement will result in the same sanctions as those imposed on a Goalkeeper with illegal equipment.

EQUIPMENT

RULE 12 ILLEGAL EQUIPMENT

12.1. ILLEGAL EQUIPMENT

All protective equipment, except gloves, headgear, mouthguards, neck-/throat protection and Goalkeepers' leg guards must be worn under the uniform. For violation of this rule, after warning by the Referee, a Minor Penalty shall be imposed.

Players violating this rule shall not be permitted to participate in the game until such equipment has been corrected or removed.

If the Player refuses, they shall be assessed a Minor Penalty for "Delay of Game" and if they return to the ice without making the change, they shall be issued a Misconduct Penalty. Should this happen a third time, the Player shall be issued a Game Misconduct Penalty.

→ Rule 63 – Delaying the Game.

12.2. **GLOVES**

A glove from which all or part of the palm has been removed or cut to permit the use of the bare hand shall be considered illegal equipment and if any Player wears such a glove in play, a Minor Penalty shall be imposed on them.

When a complaint is made under this rule, and such complaint is not sustained, a Bench-minor Penalty shall be imposed against the complaining Team for delaying the game.

12.3. ELBOW PADS

All elbow pads which do not have a soft protective outer covering of sponge rubber or similar material at least 1.5 cm (½ in) thick shall be considered dangerous equipment.

12.4. FAIR PLAY

These equipment regulations (Section 3) are written in the spirit of "Fair Play". If at any time the IIHF feels that this spirit is being abused, the offending equipment will be deemed ineligible for play until a hearing has ruled on its eligibility.

12.5. INSPECTIONS BY THE IIHF

Inspections by the IIHF can take place at any time, before, during, or after any game.

IIHF representatives may obtain equipment from any Players of the participating Teams. Complained and illegal equipment must be corrected before participation in a game. If further irregularities are found during follow-up checks, the incident will be reported to the Proper Authorities.

Refusal to submit the equipment for IIHF measurement will result in the same sanctions as those imposed on a Player with illegal equipment.

RULE 13 PUCK

13.1. DIMENSIONS

The puck shall be made of vulcanized rubber, or other approved material, 2.5 cm (1 in) thick and 7.6 cm (3 in) in diameter and shall weigh between 156 g and 170 g (5 $\frac{1}{2}$ and 6 oz). All pucks used in competition must be approved by the IIHF.

A printed logo, trademark, and advertising on the puck must not exceed 4.5 cm (1¾ in) in diameter of the area of each side of a puck or 35 % of the area of each side of the puck. There may be printing on both sides of the puck.

→ For more information refer to Appendix VI – Infographics.

EQUIPMENT

13.2. SUPPLY

The Organizing Committee or the Home Team shall be responsible for providing an adequate supply of official pucks which shall be kept in a frozen condition. This supply of pucks shall be kept at the Penalty Box under the control of one of the regular off-ice Officials or a special attendant. Frozen Puck Regulations:

← For more information refer to IIHF Sport Regulations

13.3. ILLEGAL PUCK

If at any time while play is in progress, a puck other than the one legally in play shall appear on the playing surface, the play shall not be stopped but shall continue with the legal puck until the play then in progress is completed by change of possession.

RULE 14 ADJUSTMENT TO CLOTHING OR EQUIPMENT

14.1. ADJUSTMENT TO CLOTHING OR EQUIPMENT

Play shall not be stopped, nor the game delayed by reasons of adjustments to clothing, equipment, skates or sticks.

The responsibility of maintaining clothing and equipment in proper condition shall be upon the Player.

If adjustments are required, the Player shall leave the ice and play shall continue with a substitute.

No delay shall be permitted for the repair or adjustment of Goalkeeper's equipment.

If adjustments are required, the Goalkeeper shall leave the ice and their place shall be taken by the substitute Goalkeeper immediately.
